DETAILED ACTION

1. Claims 1-4 and 6-61 are in the application. Claim 5 has been canceled.
2. The finality of the previous Office action is hereby withdrawn in view of the new grounds of rejection.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 6-7 and 34-61 rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claims 6 and 7, the dependency of these claims should be changed from canceled claim 5 to claim 1.

In claim 34, lines 7 and 8, “especially according to one of the previous claims” makes this claim indefinite. A dependent claim should depend from a single previously recited claim. The term “especially” in line 7 is improper. Additionally, the subject matter in lines 1 and 2 of claim 34 has no basis in claim 1. For this reason, this claim, 34, can not depend at least on claim 1.

In line 9, there is no proper antecedent for “adjacent teeth of the propulsion wheel”; the recitation of the space 138 between the propulsion wheel and the housing 120, appears to overlook the presence of the bounding elements 42, 44.

In claim 35, there is no antecedent for “the trailing faces”, the “inlet and outlet apertures” and the “gap” .

Art Unit: 3617

In claim 39, the recitation of “ring-shaped cheeks” is improper. The plates 136, although having a opening in the center can not be described as ring shaped, for a ring configuration usually includes an outer circumferential surface.

In claims 41-44, inclusive, there is no proper antecedent for “the gap”.

Claim 45 is indefinite for the same reasons as claim 34 in that the dependency of the claim is indefinite. Claim 45 can not depend on claim 1 because the “toothed propulsion wheel” would lack proper antecedent. Additionally, subject matter in claim 45 is repetitive of subject matter in claims 34 and 27.

Claims 46-61 are repetitive of subject matter in other claims and with the confusion of the dependency of claim 45, any claims dependent on claim 45 are also indefinite.

Allowable Subject Matter

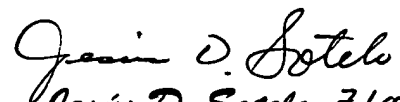

5. Claims 1-4 and 8-33 are allowed.
